

JIRA EPICS & TASKS

EPIC 1 — User Research & Requirements

Deadline: 22 February (End of Week 3)

PROJECT_DETAILS_JAN_2026

Tasks

- Identify primary users
- Identify secondary users
- Identify tertiary users
- Plan interviews / observation study
- Conduct interviews and record proof
- Extract operational pain points
- Convert pain points into SMART user stories
- Validate SMART criteria
- Compile Milestone 1 PDF report

EPIC 2 — Planning, Design & UI Prototype

Deadline: 22 March (End of Week 5)

PROJECT_DETAILS_JAN_2026

Planning Tasks

- Create overall project schedule
- Prepare sprint timeline
- Build Gantt chart
- Setup Kanban board
- Record scrum meeting minutes

Design Tasks

- Identify major system components
- Create class diagram

- Design database schema

Frontend Tasks

- Design UI pages
- Implement navigation and routing
- Capture UI screenshots
- Prepare frontend ZIP with README

Documentation

- Write Milestone 2 consolidated report

EPIC 3 — APIs, YAML & Testing (Sprint 1)

Deadline: 5 April (End of Week 7)

PROJECT_DETAILS_JAN_2026

Tasks

- Identify APIs from user stories
- Define endpoints, inputs, and outputs
- Create Swagger-compatible YAML documentation
- Implement backend API endpoints
- Add validation and error handling
- Integrate external / GenAI APIs
- Design functional API test cases
- Compare expected vs actual outputs
- Implement pytest unit tests
- Demonstrate features to users and collect feedback

EPIC 4 — Enhancements & Advanced Testing (Sprint 2)

Deadline: 14 April (End of Week 8)

PROJECT_DETAILS_JAN_2026

Tasks

- Implement remaining or improved APIs
- Update Swagger YAML documentation
- Add edge-case and negative test cases
- Improve pytest coverage
- Incorporate Sprint 1 feedback
- Prepare iteration improvement plan

EPIC 5 — Integration & Pre-Final Validation

Deadline: 20 April (End of Week 9)

PROJECT_DETAILS_JAN_2026

Tasks

- Integrate frontend with backend APIs
- Validate complete end-to-end workflows
- Consolidate milestone and sprint documentation
- Prepare final technical notes before submission
